

WHY HAIR FALLS OUT

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of Danderine at any drug store for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff disappears and the hair stops coming out.—(Adv.)

CROSS, FEVERISH CHILD IS BILIOUS OR CONSTIPATED

Look, Mother! See if tongue is coated, breath hot or stomach sour.

"California Syrup of Figs" harm tender stomach, liver, bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without griping. When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomach-ache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child tomorrow. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeits sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."

STARTS ON LAST LAP OF NATIONWIDE PROHIBITION

Senate Agriculture Committee Opens Hearings on Jones Amendment.

(International News Service.) Washington, June 17.—Prohibitionists in the senate started today on the last lap of their campaign to bring nationwide prohibition as a war measure.

The senate agriculture committee today opened hearings on the Jones amendment to the agricultural emergency appropriation bill which provides for war-time prohibition. President Wilson has already voiced his opposition to the amendment, declaring that he does not favor "dry" riders, but would prefer a straight vote on the question. Nevertheless, the senate agriculture committee has not yet taken any final action on the matter. In a meeting on Friday they voted to adopt the Jones amendment, but at a later meeting the action was held open for further action.

As the situation stands today the "dry" forces in the senate are divided. Prohibitionists who are strong supporters of the president and the administration are in favor of dropping the Jones amendment and making a straight fight at some later date. Others are urging that the action be taken immediately despite the protests of the president.

The hearings which were opened today were for the purpose of determining what the food value of war-time prohibition would be. It is expected that officials of the food administration will be called before the committee to show what amounts of food would be saved if the manufacture of liquors was banned. Prohibition advocates have also asked for a hearing. Those opposed to it are also to be heard by the committee.

U. S. ENGINEERS DIED LIKE VETERAN WARRIORS

In Fighting Near Chateau Thierry—French Using Football Tactics.

(International News Service.) With the American Army at the Marne, June 14.—(Delayed.)—American engineers worked, fought and died like veterans in the fighting near Chateau Thierry. Their conduct has elicited the highest possible praise from the commanding officers.

They repeated the valuable performance they showed along the side of the British at Cambrai last year and on the Somme fighting front last March.

When the Americans took up positions northwest of Chateau Thierry to help on the drive of the German crown prince they fought themselves in a region where organized defenses were nonexistent. Therefore, it became necessary for them to organize and consolidate new defensive positions in order to escape the tremendous downpour of German projectiles.

Now came the work for the engineers. It was up to them to lay out roads through the forests, to push forward communication trenches and construct railways for the hauling up of ammunition. But when the German infantry was flung forward and hand-to-hand fighting developed the engineers jumped into the fray.

There has been an increase in the intensity of the German attacks between the Aisne river and Villers-Cotterets since the failure of the drive towards Compiègne.

The French have been using the tactics of falling back, foot by foot, as they did at Verdun, contesting every inch of the soil. This does not mean that Gen. Foch has been using his reserves—there are still intact. So great have been the German losses since March 21 that the Germans now only slightly outnumber the defenders. Heretofore the Germans had an overwhelming superiority.

EX-SHERIFF'S SON IS SAVED

Former Officer Greer Is High in His Praise of Lung-Vita.

USED AS A LAST CHANCE

Says Second Bottle of Famous Medicine Seemed to Give Boy New Life.

"My son lost weight and strength until he weighed only seventy-six pounds. We were told to give him anything he wanted to eat or drink, as that would be all we could do for him," says Mr. W. C. Greer, ex-sheriff of Cheatham county and one of the best known men in the entire county. Mr. Greer lives at Kingston Springs, Tenn. "His trouble seemed to baffle the doctors, but they all said he was bound to die. They gave him cod liver oil, whisky and French brandy, which shows what they thought was the matter with him. As a last resort we gave him Lung-Vita, which I bought of our druggist. The first bottle did not seem to do him any good, but soon after he began to gain in weight and seemed to take on new life. "Today he tips the beam at 160 pounds, is at work and has been for over three years. Lung-Vita has worked wonders in his case, and we want to recommend it to people who have weak lungs." A bottle of Lung-Vita costs little and lasts a long time. Your druggist or dealer handles it.—(Adv.)

TOTAL CASUALTIES OF U. S. ARMY FOR WEEK

Washington, June 17.—Seven hundred and seventy casualties reported among the American expeditionary forces during the week ending Saturday brought the total since American troops first landed in France nearly a year ago to 13,910.

The second weekly summary of casualties, including today's report, by the war department shows the total of deaths from all causes is 3,246, while 4,587 men have been wounded in action and 347 are missing in action, including all men held prisoners in Germany.

The summary, which includes today's list, follows:

Killed in action (including 291 at sea) 1,205

Died of wounds 379

Died of disease 1,239

Died of accident and other causes 424

Wounded in action 4,587

Missing in action (including prisoners) 347

Total casualties reported to date 8,183

With more than 800,000 soldiers sent overseas officials pointed to the small number 291, lost through operations of German submarines, as showing the effectiveness of the convoy system. The men lost were on the torpedoed British steamers Tuscania and Moldavia. The former was taking troops from America to England and the latter from England to France.

The comparatively small number of men dying from wounds is pointed to as indicating the efficiency of the ambulance and hospital systems, while the fact that only 1,239 men have died of disease is accepted as proof of the excellent physical condition of America's fighting men.

Another satisfying consideration is that of the wounded men a very high percentage return to duty at the front in less than six weeks.

'HOLD AT ANY COST,' WORD PASSED TO ITALIAN TROOPS

(Associated Press.)

Italian Headquarters in Northern Italy, Saturday, June 15.—(Delayed.)

— "Hold at any cost" is the word that has been passed to the Italian troops as the Austrian offensive appears to develop all along the line of 117 miles with the use of gas and special liquid bombs and every other means of attack to weaken the defenses.

The long comparative silence by the Austrians was broken precisely at 3:05 o'clock this morning by a violent cannonade, the sounds of which reached the cities of Verona, Vicenza and Venice, all along distances from the front.

ASK GOVERNMENT AID TO HOUSE OHIO WORKERS

(International News Service.)

Cleveland, O.—With the housing situation daily becoming more of a problem as the city's war industries continue to bring more workers to the city, the Cleveland war board and members of the housing committee of the chamber of commerce are planning to ask the government to set aside \$1,000,000 with which to build homes to be rented to employees of local factories. It is said that more than 10,000 homes are needed here at once.

BOYS LEARN TO COOK—GIRLS AS CARPENTERS

(International News Service.)

Cleveland.—Manual training is not for boys only, and domestic science is not only a girl's study in Cleveland schools now, for the courses in some of the public schools have been switched and the boys are being taught to cook and buy groceries and the girls are getting training in household carpentry. The girls are said to be proficient in handling tools, while many of the boys in the "bringing up father" divisions are becoming good cooks and buyers.

BOMB FOUND IN MAIL BAG.

(International News Service.)

Searcy, Ark.—When a mail bag was dumped on the distributing table here recently a well-constructed bomb rolled out. The clerk made a rush for the door, spreading the news. There was a stampede of villagers who had collected at the postoffice to get their daily mail. The bomb was turned over to federal investigators.

SWITZERLAND'S WORK FOR WAR VICTIMS APPRECIATED

Berne, Sunday, June 16.—Charles P. Bennett, representative of the American Red Cross in Switzerland, has remitted \$100,000 to the Swiss Red Cross as an appreciation on the part of America for the work Switzerland has done for the victims of the war, especially the wounded prisoners of the entente nations in Germany.

FROM OCEAN TO OCEAN

Women Praise Lydia E. Pinkham's Vegetable Compound for Health Restored.

In almost every neighborhood in America are women who have tried this standard remedy for female ills and know its worth.

Athol, Mass.—"Lydia E. Pinkham's Vegetable Compound has done me a world of good. I suffered from a weakness and a great deal of pain every month and nothing brought me any relief until I tried this famous medicine. I am a different woman since I took it and want others who suffer to know about it."—Mrs. ARTHUR LAWSON, 559 Cottage St., Athol, Mass.

San Francisco, Cal.—"I was in a very weak nervous condition, having suffered terribly from a female trouble for over five years. I had taken all kinds of medicine and had many different doctors and they all said I would have to be operated on, but Lydia E. Pinkham's Vegetable Compound cured me entirely and now I am a strong well woman."—Mrs. H. ROSSKAMP, 1447 Divisadero St., San Francisco, Cal.
